

SAFETY GOGGLE CLIP CARDS

Materials:

 Safety Goggle Clip Cards

 Clothespins

Directions:

Observe the scenario on each of the Clip Cards and discuss each of these situations with your child. Ask your child to use their Safety Goggles to find the safe and unsafe situations on the playground. Have your child clip their clothespin to their answer and discuss why the situation is safe or unsafe. Ask your child what they would do if they saw these unsafe situations on their playground or if any of these unsafe situations have happened to them. Make sure your child understands that all unsafe situations must be **reported** to a Grown-Up Buddy.

For information on the *Safer, Smarter Kids* curriculum, visit www.SaferSmarterKids.org.
For additional resources, visit LaurensKids.org. To report abuse, call the ChildHelp National Child
Abuse Hotline at 1-800-422-4453, and you will be referred to your local abuse reporting agency.
